

State Route 801

Future Loop 303 to Future Loop 202 Connection

Please give us your input on the proposed alternative corridors.

The Arizona Department of Transportation (ADOT) is inviting the public to attend one of the public scoping meetings to learn more about the proposed east/west freeway in western Maricopa County, Arizona. The proposed freeway, State Route (SR) 801, would provide another east/west route to help relieve congestion from Interstate 10 (I-10). The proposed SR 801 would connect the future Loop 303 and the future Loop 202 South Mountain Freeway. This is one of several projects associated with the passage of Proposition 400, proposed to improve east/west traffic flow in the west valley.

The purpose of these public scoping meetings is to present the proposed project for SR 801. The same information will be presented at both meetings. Representatives from the ADOT project team will be present to answer your questions during the meetings.

OPEN HOUSE MEETING
from 6 p.m.–8 p.m.
BRIEF PRESENTATION
at 6:15 p.m.

PUBLIC SCOPING MEETING LOCATIONS

Tuesday, March 21, 2006*
Union Elementary School
Multipurpose Room
3834 South 91st Avenue
Tolleson, Arizona

Thursday, March 23, 2006*
Agua Fria High School Cafeteria
530 East Riley Drive
Avondale, Arizona
